

DAR REHAN RASOOL

SOFTWARE ENGINEER

PROFESSIONAL SUMMARY

Passionate **Software Engineer** specializing in **JavaScript ES6** & high performance web applications , leveraging JavaScript ES6 to build scalable and impactful solutions.

PROJECTS

API Automation Framework

- Designed and executed REST API test suites on real-world APIs (e.g., Trello, Store API) using multiple HTTP methods and authentication.
- Built data-driven and scenario-based workflows using variables, collections, and environment configurations.
- [GitHub](https://github.com/darrehanrasool/Postman): <https://github.com/darrehanrasool/Postman>

E2E Test Automation Framework

- Developed end-to-end automation tests for live web applications with dynamic UI interactions and assertions.
- Implemented reusable Page Object Model, API mocking, and test data setup for scalable testing.
- [GitHub](https://github.com/darrehanrasool/Cypress): <https://github.com/darrehanrasool/Cypress>

Unit & Integration Testing Suite

- Created unit and integration tests for JavaScript modules with focus on business logic validation.
- Used mocks, spies, and async testing techniques to handle real-world scenarios.
- [GitHub](https://github.com/darrehanrasool/Jest): <https://github.com/darrehanrasool/Jest>

CI/CD Automation Pipelines

- Built CI/CD pipelines to automate testing workflows for API and UI automation projects.
- Configured triggers, environment variables, and conditional job execution for efficient pipelines.
- [GitHub](https://github.com/darrehanrasool/CICD): <https://github.com/darrehanrasool/CICD>

EXPERIENCE

Bakend Developer Trainee, 01/2024 to 04/2024

Novocabs - Gurugram, Haryana, India – 122001

- Continuously updated skills through training workshops and self-study, staying current on industry trends and emerging technologies.

EDUCATION

Bachelor of Science, Computer Science Engineering, 11/2024

IUST - Jammu And Kashmere , Srinagar, India

Deep Learning Based Medicinal Plant Identification

[GitHub](https://github.com/darrehanrasool/Herbalist): <https://github.com/darrehanrasool/Herbalist>

Developed a **deep learning powered AI model** for identification and classification of **medicinal plants**.

CONTACT

Address: Srinagar, JK 190015

Phone: +919149544978

Email: darrehanrasool@gmail.com

SKILLS

Skilled in web markup HTML5

Skilled in web styling CSS3

Bootstrap Framework v5.3

Javascript programming ES6

Node.js development

React.js development

Next.js development

Database architectures SQL

Postman API testing

Cypress E2E test automation

Jest unit and integration test

Git Version control CI/CD

Jira Project Management

Docker With Kubernetes

Team collaboration
