Location: Remote

Objective

Aspiring React Developer seeking a paid internship at Tripdocks to leverage my skills in React.js, HTML, CSS, and JavaScript while contributing to feature development and UI/UX collaboration.

Skills

- Proficient in **React.js, JavaScript, HTML, CSS**
 - Hands-on experience with **frontend development**
 - UI/UX collaboration and implementation
 - Strong problem-solving and debugging skills
 - Familiar with **backend integration**
-

Education

B.Tech in Computer Science

Experience

- Developed multiple **React-based projects**, ensuring responsive and user-friendly interfaces.
 - Contributed to open-source **full-stack development** projects.
 - Worked on **UI/UX improvements** and implemented feedback from users and developers.
-

Project [Portfolio](#) website

- Built using **React and Tailwind CSS**.
- Showcases **projects, blogs, and technical skills**.
- Implemented **dark mode, animations, and a responsive UI**.
